

Documentação das Telas e Rotas REST

Tela: Login

Rotas de Autenticação

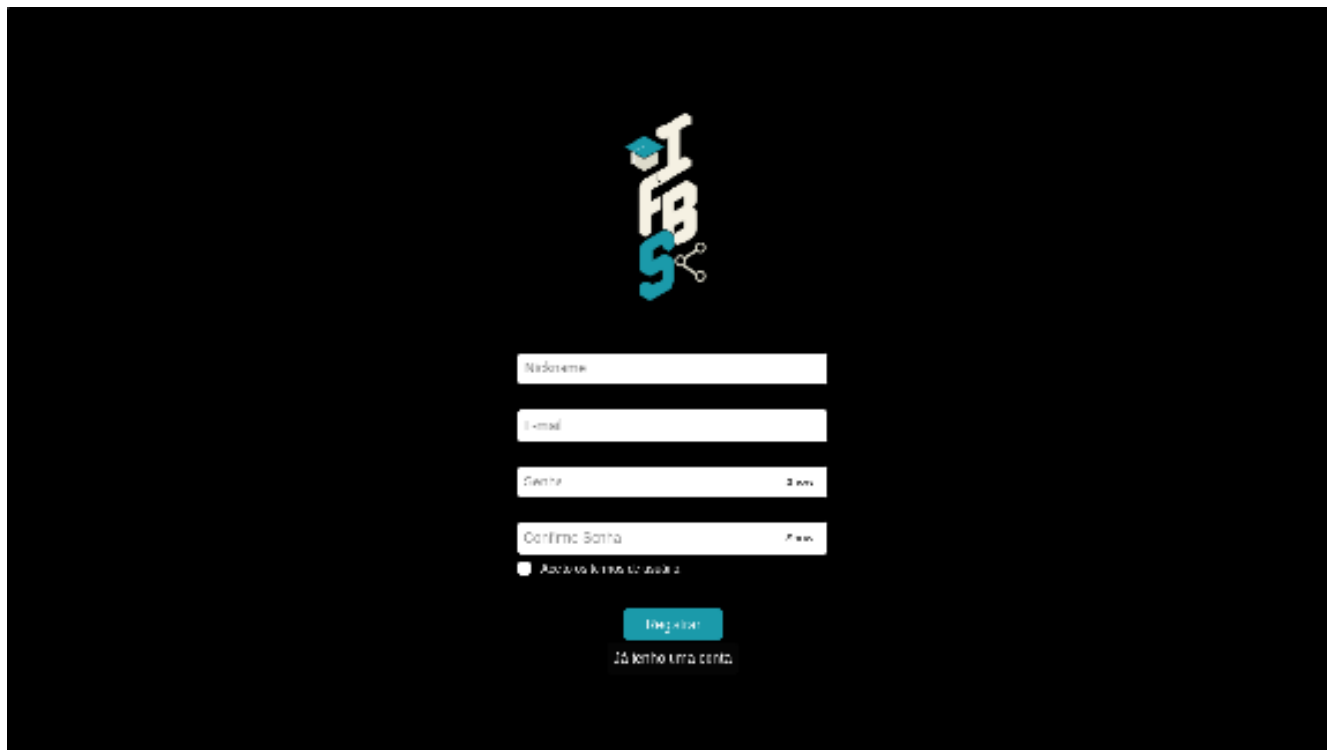

1. Login de usuário

- **Method:** POST
- **Path:** /api/auth/login
- **Summary:** Login a user
- **Request Body:**
 - email (string, required)
 - password (string, required)
- **Responses:**
 - 201: User logged in successfully
 - 400: Invalid credentials

2. Logout de usuário

- **Method:** GET
- **Path:** /api/auth/logout
- **Summary:** Logout a user
- **Responses:**
 - 201: User logged out successfully
 - 400: Bad request

Tela: Cadastro de Usuário

The image shows a user registration form on a dark background. At the top center is a logo with the letters 'IFB' in white and blue, with a graduation cap and a network icon. Below the logo are four input fields: 'Nickname', 'e-mail', 'Senha' (password), and 'Confirma Senha' (confirm password). Each field has a character count on the right (e.g., '2000', '100', '8 min', '8 min'). Below the fields is a checkbox labeled 'Aceito a política de privacidade'. At the bottom is a blue 'Registrar' button and a link 'Já tenho uma conta'.

Nickname 2000

e-mail 100

Senha 8 min

Confirma Senha 8 min

☐ Aceito a política de privacidade

[Registrar](#)

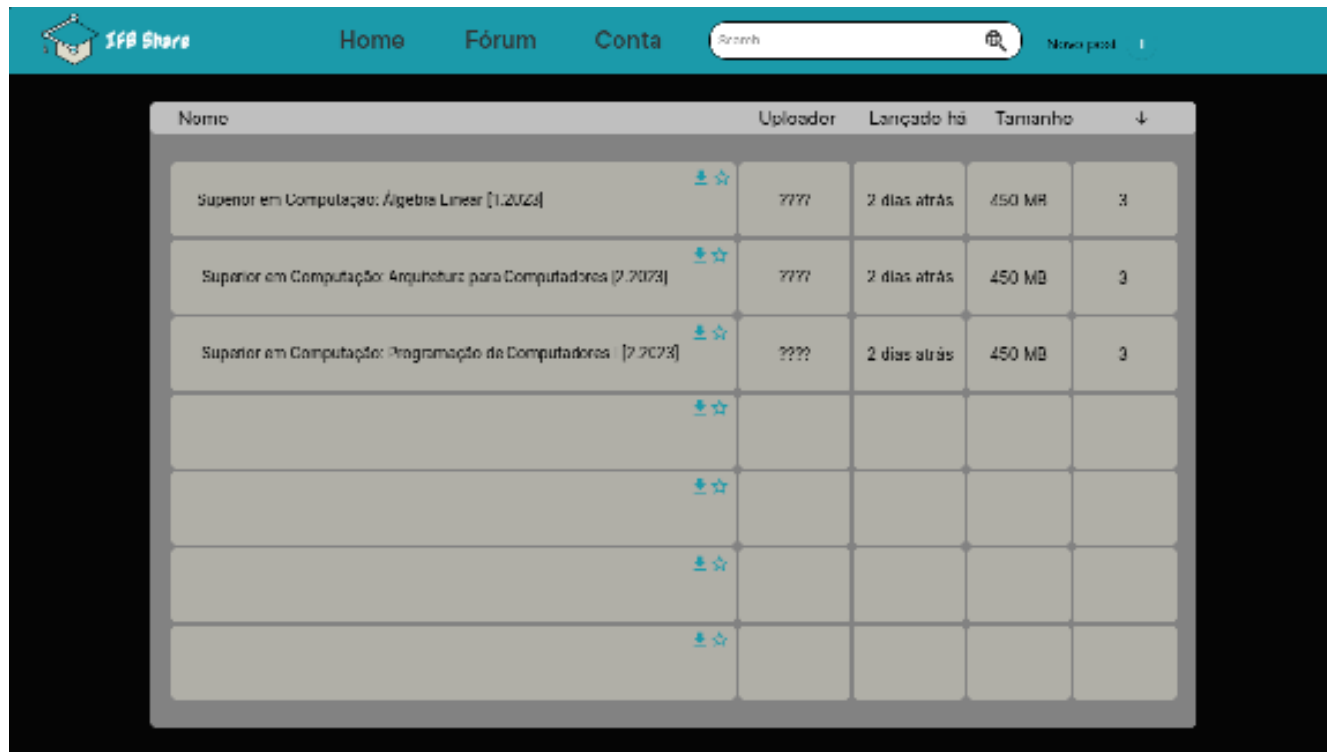

[Já tenho uma conta](#)

Rotas de Registro

1. Registrar novo usuário

- **Method:** POST
- **Path:** /api/auth/register
- **Summary:** Register a new user
- **Request Body:**
 - email (string, required)
 - password (string, required)
 - nickname (string, required)
- **Responses:**
 - 201: User registered successfully
 - 400: Bad request

Tela: Home

The screenshot shows the 'Home' page of the 'IFF Share' application. The header is teal with the 'IFF Share' logo on the left and navigation links 'Home', 'Fórum', and 'Conta' in the center. A search bar with the placeholder 'Pesquisar' and a magnifying glass icon is on the right, followed by a 'Novo post' button. The main content area is a table with a dark header and light gray rows. The table has five columns: 'Nome', 'Uploader', 'Lançado há', 'Tamanho', and a download icon. The first three rows contain data, while the last three are empty placeholders.

Nome	Uploader	Lançado há	Tamanho	Download
Superior em Computação: Álgebra Linear [1.2026]	7777	2 dias atrás	450 MB	3
Superior em Computação: Arquitetura para Computadores [2.2023]	7777	2 dias atrás	450 MB	3
Superior em Computação: Programação de Computadores [2.2023]	7777	2 dias atrás	450 MB	3

Rotas de Postagens e Perfil

1. Listar todas as postagens

- **Method:** GET
- **Path:** /api/posts
- **Summary:** Get all posts
- **Responses:**
 - 200: List of posts
 - 401: Unauthorized

2. Obter perfil do usuário autenticado

- **Method:** GET
- **Path:** /api/users/profile
- **Summary:** Get authenticated user profile
- **Responses:**
 - 200: User fetched successfully
 - 400: Invalid credentials

Tela: Criação de Post

The screenshot shows the 'Nova post' (New Post) form in the IfB Share application. The form is titled 'Nova post' and includes a large image placeholder with a diagonal cross. Below the placeholder is a 'Carregar Imagem' button and a toggle switch for 'Permissão de comentários'. To the right of the image placeholder are three input fields: 'Nome do post' (with a 'Criar' dropdown), 'Descrição do post' (with an 'Adicionar' dropdown), and 'Nome do tópico' (with a 'Mostrar' dropdown). At the bottom right are 'Criar' and 'Cancelar' buttons.

Rotas de Criação de Conteúdo

1. Criar nova postagem

- **Method:** POST
- **Path:** /api/posts
- **Summary:** Create a new post
- **Request Body:**
 - title (string)
 - content (string)
 - tags (array of string)
 - file (array of binary)
- **Responses:**
 - 201: Post created successfully
 - 400: Bad request
 - 401: Unauthorized

2. Upload de arquivos para uma postagem

- **Method:** POST
- **Path:** /api/files/{postId}
- **Summary:** Upload files to a post
- **Parameters:**
 - postId (string, required): Post ID
- **Request Body:**
 - file (array of binary): Files to upload
- **Responses:**
 - 200: Files uploaded successfully
 - 400: Invalid post ID or no files provided
 - 403: Not authorized to add files to this post
 - 404: Post not found

- 500: Error submitting files

Rotas de Usuário

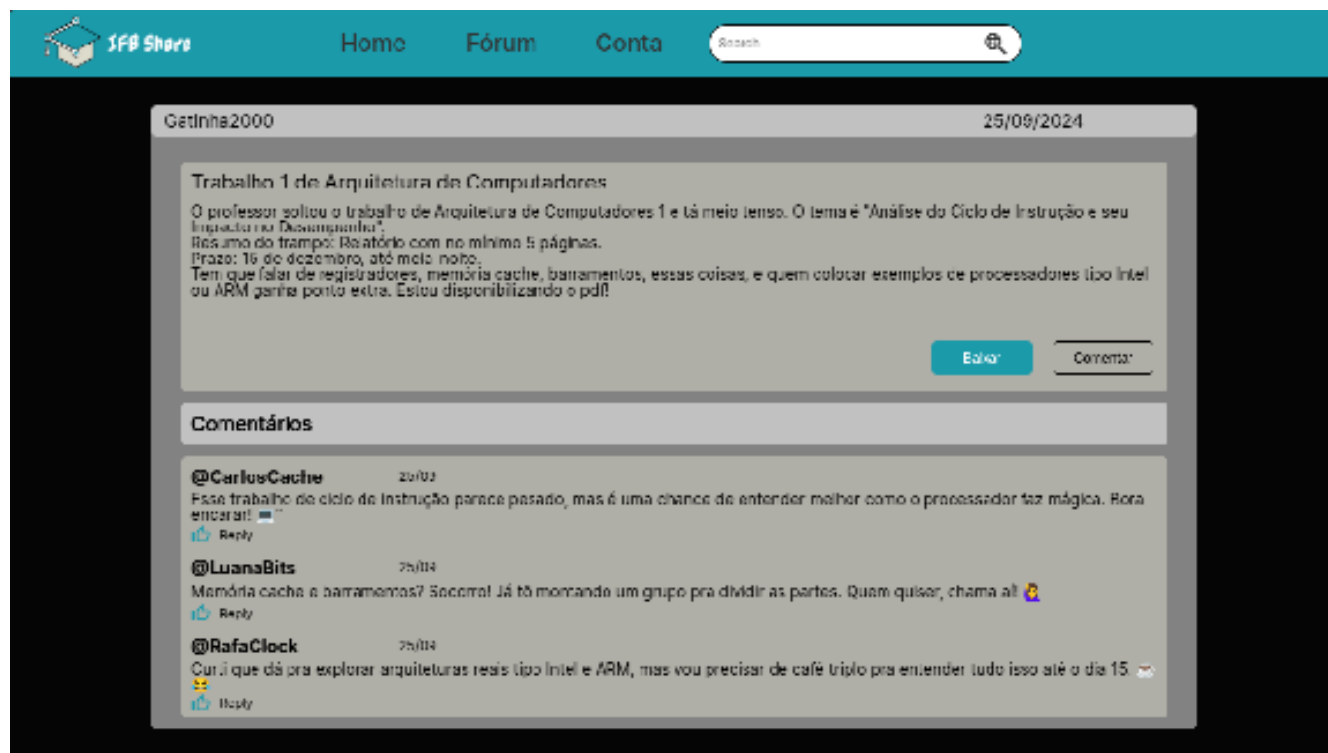

1. Obter usuário autenticado

- **Method:** GET
- **Path:** /api/users/profile
- **Summary:** Get authenticated user profile
- **Responses:**
 - 200: User fetched successfully
 - 400: Invalid credentials

2. Atualizar perfil do usuário

- **Method:** PUT
- **Path:** /api/users/profile/settings
- **Summary:** Update user profile
- **Request Body:**
 - **nickname** (string)
 - **degree** (string)
 - **file** (binary): Profile picture
- **Responses:**
 - 200: User updated successfully
 - 400: Bad request
 - 404: User not found

Tela: Exibir Post

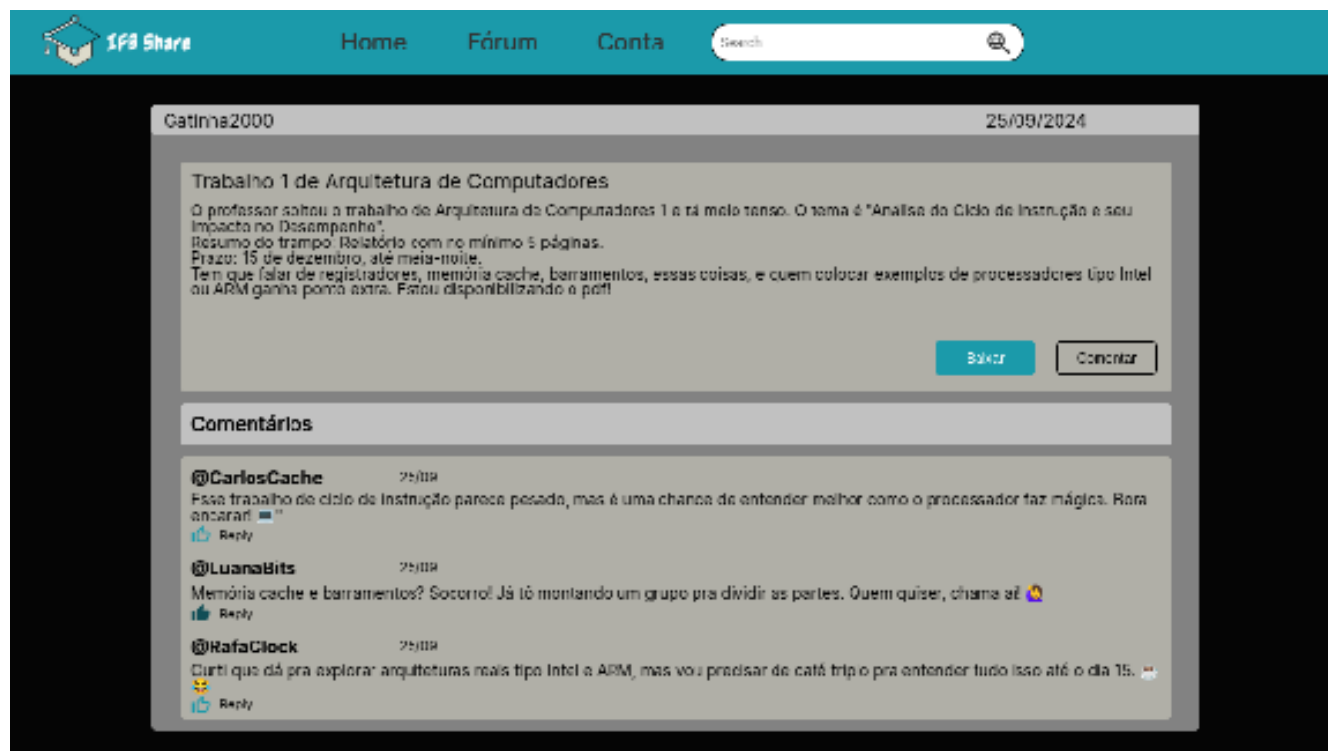

Rota de Detalhamento de Post

1. Obter postagem por ID

- **Method:** GET
- **Path:** /api/posts/{id}
- **Summary:** Get post by ID
- **Parameters:**
 - id (string, required): Post ID
- **Responses:**
 - 200: Post fetched successfully
 - 401: Unauthorized
 - 404: Post not found

Tela: Baixar Material

Rota de Download de Arquivo

1. Download de arquivo

- **Method:** GET
- **Path:** /api/files/download/{id}
- **Summary:** Download a file
- **Parameters:**
 - id (string, required): File ID
- **Responses:**
 - 200: File downloaded successfully
 - 404: File not found
